

# 1756-Show I/O

ControlLogix™ Compatible Show Control Interface

## **1756-SMPTE**

- **Reads or Generates SMPTE timecode**
- **Corrects Dropouts**
- **600 ohm transformer isolated**

## **1756-MIDI**

- **Sends and Receives MIDI Show Control**
- **Fully Isolated**

## **1756-DMX**

- **Sends or Receives DMX Lighting Streams**
- **Fully Isolated**

This unique 1756 module allows you to easily interface your ControlLogix cage to almost any theatrical, stage, lighting or ride control system. It operates in any of three modes:

Generate or read SMPTE or EBU timecode at any frame rate.

Send and receive MIDI Show Control data.

Send or receive DMX-512 lighting data.

Using standard ladder logic programming, you can meet your customer's most demanding show control requirements with a single, versatile interface.
